

DECLINE TO GIVE OUT REPORT NOW

Mayor Peters' "Citizens' Committee" Will Not Publish Story of Strike

MAY BE INFLUENCED BY STRIKERS' DEMAND

"Defenders' Fund" in Boston Police Strike Now Amounts to \$200,000

Boston, Sept. 27.—The report of Mayor Peters' "Citizens' Committee," which sought to avert the police strike will not be made public for the present, it was announced today. Chairman James J. Storrow declined to say whether the joint statement of James H. Vahey and John P. Feeney, counsel for the policemen's union, which set forth the strikers' case and demanded that a report of the committee be published, had influenced the committee's decision.

The fund being raised throughout the state for the state guard, regular troops and the policemen who remained on duty, has passed the \$200,000 mark.

AMERICANS HAVE WON THE MOST SERIES

But the Post-Season Games Have Been So Closely Contested That the National Leaguers are Only Three Behind in Runs Scored and Six in Games Won.

Chicago, Sept. 27.—Records of baseball world's series of past years show that although the American league entries have been victorious in nine of the 14 series, the games have been so closely contested that the National leaguers are only three behind their younger opponents in the number of runs scored and six in games won.

So-called world series were played as far back as 1884, but it was not until 1903 that the national commission took charge of the series and promulgated rules governing it. Since that year the winning clubs in each of the major leagues have met in October in a seven-game series to decide the championship, although this year the series will be lengthened to nine games.

During the past 14 years 78 games have been played—an average of five and a half per series—including two ties. In winning their nine series the American league teams have triumphed in 41 games, while the senior league entries have been on the long end of the score in 35 games in winning their five series. In runs scored, the Americans lead with 253 against their opponents' 250.

The shortest series of the 12 was that of 1914, when the Boston Nationals defeated the Philadelphia Americans in four straight games. The Chicago Nationals of 1907 also won four straight from the Detroit Americans but this run was preceded by a tie game with the score standing 3 to 3 when darkness halted the play. The longest series were played, with the Boston Americans winning four and the New York Nationals

AT THIS SEASON LOSS OF APPETITE

is very common. In many cases it is due to impure blood, which cannot give the digestive organs the stimulus necessary for the proper performance of their functions.

Thousands know by experience that Hood's Sarsaparilla restores appetite and would advise you to give it a trial this season. It originated in the successful prescription of a famous physician. Get it today.

Take Hood's Pills if you happen to need a laxative—they don't gripe.—Adv.

CUTICURA HEALS PIMPLES ON FACE

And Neck. Itched So at Night Could Not Sleep.

"Pimples started on my chin in thick clusters, and they spread until my whole face and neck were one mass of them. The pimples were hard, large, and red, and they came to a head and the skin was sore. The pimples itched so at night that I could not sleep.

At last I decided to use Cuticura. After I had used one cake of Soap and three boxes of Ointment I was healed." (Signed) Miss Ada Messey, 12 Standish St., Wollaston, Mass.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses.

GERMANS SENT HOME.

Party of 1,731 Men, Women and Children Put Aboard Ship.

New York, Sept. 27.—Hundreds of German sailors, most of whom had been connected with commerce raiding exploits during the war and all of them prisoners of war, marched silently aboard the steamship Pocahontas yesterday to return in defeat to their native land.

There were 1,731 German men, women and children who boarded the Pocahontas, the great majority sailors. They were shepherded to their quarters by 200 American marines.

Among the deportees were members of the crew of the notorious commerce raider Moewe and of the Prinz Eitel Friedrich which ended its career by sinking the American ship William P. Frye. A report that Werner Horn, who plotted destruction of the Vancorbora, Mo., railroad bridge, was on board is incorrect. He is still at Fort McPherson.

Grandmother Knew

just what to do to keep her family rugged and well. She believed in nature's remedy, the life-giving juices of leaves, roots and herbs, which are united in SEVEN BARKS and which has been a standard and favorite remedy for indigestion, constipation, kidney, liver and stomach troubles for nearly 60 years.

You cannot be constipated and happy at the same time. If you have a bad taste in the mouth, foul breath, furred tongue, dull headaches, drowsiness, disturbed sleep, mental depression, yellowish skin, then you are constipated, and SEVEN BARKS will quickly relieve this disorder, which is the result of liver derangement, and severe digestive disturbances.

Be prepared for these emergencies; always keep SEVEN BARKS on hand, and take from 10 to 20 drops in a little water after meals, and it will quickly cause the bowels and liver to act normally.

If you want to get the greatest efficiency out of your body, you should take SEVEN BARKS, so that the stomach may do its best work, and not be handicapped by the burdens we foolishly sometimes put upon it. For sale by druggists. Price, 50 cents per bottle.—Adv.

Gibson against Sunday baseball and by persons acting for the baseball players on the other hand, who complained against golf players, garage men and others who engaged in sport or business on Sunday.

Two communications have been addressed to the state's attorney, one by the ministers asking that their protest be suspended indefinitely, and one by Attorney N. D. Clawson for the other petitioners, who asks that complaints
